For Emergencies after hours call 4125 2788

## Puppy Training Classes

Puppy preschool at Bayview Vets is run over four lessons for puppies with a starting age of 6 to 16 weeks. This time is critical to the puppies learning when they need positive training in a safe environment to help them develop confidence and the social skills required to become a happy, well-adjusted companion that your family will enjoy. It is very important that you introduce your puppy to as many different things as possible - for example other puppies, other people, new experiences, loud noises etc. *Each participant also receives a puppy pack including a \$20 discount voucher for desexing!*

Our small classes are limited to around four to six puppies, to ensure personalised attention in a calm environment so we all start off on the 'right paw'. The aim of puppy pre-school is to educate both the puppy and the owner. More specifically, it covers:

- Socialising your puppy to encourage him/her to become a good, obedient and enjoyable pet to own. Your puppy will learn how to cope with lots of people, other dogs, children and novel stimuli early in life.
- Teaching your puppy basic good manners and skills.
- Ensuring your puppy enjoys coming into the veterinary clinic and hence making visits less traumatic for you and your puppy.

Providing you with strategies to manage future behavioural issues at home

## BRAND NEW PRODUCT – **BRAVECTO FOR CATS!!!**

This is a product we are all excited about as it is the first **TICK** and Flea treatment for **CATS**. Each pack of Bravecto for Cats contains two pipettes, each pipette is applied to that back of the cats neck and provides protection from fleas and ticks for 3 months!! Yes that's right, a flea and tick treatment that lasts 3 months and there are no tablets required!

**COMING SOON!**

## 5 Minutes with Liv

Liv Townsend VN (Cert IV)

Liv has worked at Bayview Vets for 3 and a half years and she has loved every minute of it. She loves looking after injured wildlife and enjoys a bit of live music and AFL on the weekends.

\*\*\*\*\*

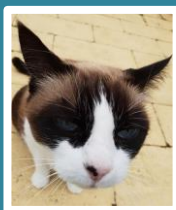

Most rewarding part of being a vet nurse? Seeing the happy tails of the patients we've helped feel better.

What would you be doing if you weren't a nurse? Travelling the world.....If I won lotto first!!

Favourite breed? My Cat Coco who is Ragdoll x Siamese!! I do also have a soft spot for Jack Russells and Greyhounds.

Why you love living in Hervey Bay? I love living so close to the beach.

What pets do you have at home? 2 cats Coco and Zorko , 2 birds Phil and Alan and 1 Guinea pig called Snowy.

## Nutrition Highlight – Hills Feline c/d Stress

Nutritionists & veterinarians developed Hills Prescription Diet™ c/d™ Multicare Feline Stress nutrition to support your cats urinary health while also helping to manage stress.

This food has been specially formulated to support cats undergoing stress such as moving home or adjusting to a new family member, while also supporting bladder health. This food has also been clinically proven to reduce inappropriate urination and is suitable for multi-cat households. Hills c/d Stress is a complete and balanced food that provides all the nutrition your cat needs.

If you have a cat that is undergoing stress or weeing in places they shouldn't have a chat to the Bayview team about this fabulous product and how it can support your cat.

We had 4 teams of 3 participate in the Col Pearce Triathlon at the end of August! This was a fun event with all proceeds going to Rally for a Cause

## Eco Friendly Bags!

Have you seen our very cool and trendy calico bags now available for \$2.50!
